MANAGEMENT DISCUSSION OF FUND PERFORMANCE

This management discussion of fund performance supplements the condensed interim financial statements of Golden Opportunities Fund Inc. - Class A (the "**Class A Fund**") and discusses the financial position and results for the six months ended February 28, 2023. This discussion provides an update on any material developments since the most recent annual management report of fund performance for the year ended August 31, 2022 and should be read in conjunction with that document.

Unless otherwise specified, all references to "**net assets**" or "**net assets per share**" in this report are references to net assets attributable to holders of redeemable shares determined in accordance with International Financial Reporting Standards as presented in the financial statements of the Class A Fund. All references to "**net asset value**" or "**net asset value per share**" in this report are references to net asset value determined for purposes of purchase and redemption of shares of the Class A Fund. An explanation of the differences can be found in Note 6(a) to the financial statements.

Results of Operations

Net Assets

The Class A Fund's net assets increased from \$279.7 million at August 31, 2022 to \$297.8 million at February 28, 2023, an increase of \$18.1 million. The net asset value per Class A Share increased from \$18.24 at August 31, 2022 to \$19.82 at February 28, 2023, an increase of 8.66%. The net asset value per Class A-B Share increased from \$18.88 at August 31, 2022 to \$21.09 at February 28, 2023, an increase of 11.71%. The net asset value per Class A-F Share increased from \$22.12 at August 31, 2022 to \$24.66 at February 28, 2023, an increase of 11.48%.

The increase in net assets from operations was \$24.9 million for the six months ended February 28, 2023. Proceeds of \$21.7 million were raised from the issue of Class A-B Shares and Class A-F Shares during the six months ended February 28, 2023 and \$28.4 million of redemptions were incurred, representing 12.72% of the outstanding share capital. During the six months ended February 28, 2023, the number of Class A Shares outstanding decreased from 14,158,929 to 12,629,003, the number of Class A-B Shares outstanding increased from 327,040 to 1,307,396, and the number of Class A-F Shares outstanding increased from 690,779 to 809,143.

Cash and short-term investments increased from \$27.2 million at August 31, 2022 to \$60.3 million at February 28, 2023 due to cash from operations (excluding venture investment transactions) of \$6.3 million and net cash from venture investment transactions of \$34.7 million, offset by net share capital redemptions of \$7.8 million.

Statement of Comprehensive Income

The Class A Fund's income, excluding net realized and unrealized gains, was \$14.7 million for the six months ended February 28, 2023 compared to \$14.9 million for the six months ended February 28, 2022. Partnership income decreased by \$775 thousand from the six months ended February 28, 2022 due to a net decrease in total distributions from operating partnerships, and interest income increased by \$417 thousand due to an increase in short-term investments and interest rates. Dividend income increased by \$198 thousand from the six months ended February 28, 2022 due to an increase in dividends declared by private investee companies in the current period.

Expenses for the six months ended February 28, 2023, excluding the incentive participation amount ("**IPA**") and the change in the contingent IPA, were \$6.3 million, an increase of \$426 thousand from the six months ended February 28, 2022. The average net asset value of the Class A Fund was \$279.3 million for the six months ended February 28, 2023, compared to \$260 million for the six months ended February 28, 2022.

The Class A Fund had net realized gains of \$12.1 million during the six months ended February 28, 2023 from dispositions of G-Mac's AgTeam LP and H.J.R. Asphalt LP. As a result, of these dispositions, previously recognized unrealized gains of \$13.3 million were reversed and recorded as realized gains in the six months ended February 28, 2023.

Excluding the reversal of unrealized gains noted above, the Class A Fund had a net unrealized gain on venture investments of \$23.4 million for the six months ended February 28, 2023, which is comprised of net unrealized losses on public companies of \$180 thousand and net unrealized gains on privately held investees of \$23.5 million.

During the six months ended February 28, 2023, an IPA of \$1.3 million was earned by the Class A Fund's manager, Westcap Mgt. Ltd. (the "**Manager**") as a result of venture investment disposition in the period, and the contingent IPA increased by \$4.5 million. The contingent IPA is not payable until a full exit from the applicable investments is realized and cash is received.

Investment Portfolio

The Class A Fund's venture investment portfolio decreased from a cost base of \$271.7 million at August 31, 2022 to \$252.2 million at February 28, 2023. The decrease of \$19.5 million is attributable to repayments of investment of \$3.3 million and disposals of investments with a cost base totaling \$19.6 million, offset by investment purchases of \$3.4 million.

Venture investments in the six months ended February 28, 2023 were as follows:

- a new investment of \$3 million in WBM Technologies LP, an information technology and managed service provider based in Saskatoon, SK,
- a follow-on investment of \$275 thousand in Med-Life Discoveries LP, a biotechnology partnership located in Saskatoon, SK, and
- a follow-on investment of \$116 thousand in Fort Garry Brewing Company LP, a microbrewery located in Winnipeg, MB.

The following charts illustrate the diversification of the Class A Fund's investments across different industry sectors based on the cost of the investments.

The increase in the Technology sector from 7% to 9% is due to the new investment in WBM Technologies LP in the six months ended February 28, 2023. The Infrastructure sector decreased from 7% to 3% due to the disposition of H.J.R. Asphalt LP during the period, and the decrease in the Agriculture sector from 7% to 3% is due to the disposition of G-Mac's AgTeam LP. The increased weighting in all other sectors is due to the overall lower cost base of the portfolio as a result of the dispositions in the Infrastructure and Agriculture sectors during the six months ended February 28, 2023.

Related Party Transactions

The Manager is a company controlled by the President & Chief Executive Officer of Golden Opportunities Fund Inc. and was engaged by an agreement dated December 31, 2008. Please refer to the "Management Fees" section for a description of services provided by the Manager.

For the Class A Fund, management fees of \$3.7 million (2022 - \$3.4 million) and office costs totaling \$4 thousand (2022 - \$4 thousand) were paid or payable to the Manager during the six months ended February 28, 2023. During the six months ended February 28, 2023, the Manager earned an IPA of \$1.3 million (2022 - \$nil) on realized gains that have been received in cash.

At February 28, 2023, management fees of \$581 thousand (August 31, 2022 - \$586 thousand) are included in accounts payable and accrued liabilities, there is an IPA payable to the Manager of \$20.1 million (August 31, 2022 - \$18.8 million) and an accrued contingent IPA of \$29.5 million (August 31, 2022 - \$25 million).

The above-mentioned transactions were in the normal course of operations, are non-interest bearing, and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

(1) For 2018-2022, this information is provided as at August 31 of the year shown. For 2023, this information is provided as at February 28, 2023. The total net asset value refers to the net asset value determined for purposes of purchase and redemption of Class A Shares.

(2) Management expense ratio is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of weekly average net asset value during the period.

(3) Management expense ratio excluding IPA is based on total expenses, less IPA and change in contingent IPA, for the stated period and is expressed as an annualized percentage of weekly net asset value during the period.

(4) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of the weekly average net asset value during the period.

(5) The Class A Fund's portfolio turnover rate indicates how actively the Manager manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Class A Fund buying and selling all of the securities in its portfolio once in the course of the period. The higher a fund's portfolio turnover in a period the greater the chance of an investor receiving taxable capital gains in the period. There is not necessarily a relationship between a high turnover rate and the performance of the Class A Fund.

Management Fees

The annual management fee, which is calculated and payable monthly, is equal to 2.5% of the aggregate net asset value of the Class A Fund, on a class-by-class basis, as at each valuation date. The Manager has been retained to manage and administer the business affairs of Golden Opportunities Fund Inc., including the management of the Class A Fund's investments in eligible businesses and its marketable securities investments, and maintain all required books and records of the Class A Fund. The Manager is also responsible for seeking out and identifying investment opportunities and undertaking operational due diligence of the investment opportunities. The Manager develops investment recommendations to the Golden Opportunities Fund Inc. Board of Directors (the "**Board**"), monitors all investments, provides performance reports to the Board, and makes disposition recommendations to the Board. For these services, the Manager is compensated with the management fees. A 20% IPA is also payable to the Manager, provided certain criteria have been met. The IPA is only earned on realized gains that the Class A Fund has received in cash and the realized investment performance of the Class A Fund. The criteria are fully described in the prospectus of Golden Opportunities Fund Inc.

PAST PERFORMANCE

The performance data provided does not consider sales, redemption, or other optional charges payable by any shareholder that would have reduced returns. Past performance does not necessarily indicate how a fund will perform in the future.
